

Go-To Place for Maternity Care

We are excited about the return of Maternity Services in 2021

MidMichigan Health has committed more than \$2 million improvements and equipment purchases to return Maternity Services to the West Branch community.

The new unit will create a comfortable, state-of-the-art, family focused place for women to give birth. The new design features: four labor, delivery, recovery, post-partum (LDRP) suites; three private care rooms, a renovated and newly equipped cesarean-section delivery suite; upgraded nursery; and a new advanced security system for mom and baby.

“It’s an exciting time for our community with the expansion of women’s health services to include maternity,” said Chairman of the Board, J. Daniel Stoneback. “This is another example of the benefits of joining MidMichigan Health. They continue to invest in our Medical Center and

focus on always putting the patient first and keeping services close to home when possible.”

MidMichigan Health Foundation is committed to raise funds to support Maternity Services in West Branch.

Your gift towards this project allows you to leave a legacy, honor a loved one or demonstrate your support to the community now and for generations to come.

Your gift of any amount will help us support these items in the new unit:

- Baby Warmers, \$21,000 (five needed)
- Birthing Beds, \$17,500 (five needed)
- Advanced Security System, \$60,000
- Monitors for mom/baby, \$21,000 (nine needed)
- C-section Suite improvements and equipment, \$100,000
