

Financial Assistance Options-Adults

Medicaid: You may be eligible for assistance with food, Medicaid, including your health care bills and prescriptions, childcare, temporary cash, an emergency, etc., through the Department of Human Services. You must submit an application, either online or in person, to apply for assistance. For more information, call your local DHS at 1-855-275-6424 or look online at <https://www.michigan.gov/mdhhs>.

County Health Plans: Most counties offer low cost, community-based programs that provide basic healthcare coverage to low-income individuals in Michigan. The plans provide limited coverage for doctor visits, prescriptions, lab tests and X-rays with affordable copay amounts. This is not insurance, however, the coverage for many basic healthcare services has assisted many Michigan residents with their healthcare needs. For more information, call 1-866-291-8691 or look online at <http://www.communityhealthplans.org/>.

Hospital Financial Assistance: All hospitals offer financial assistance, each requiring an application to be submitted to determine eligibility. To discuss your options for financial assistance, contact your local hospital's social worker.

Federally Qualified Health Center: Most counties offer federally qualified health centers that provide basic medical care for you, even if you have no health insurance. You pay what you can afford, based on your income. For more information, call 1-877-464-4772 or look on line at www.findahealthcenter.hrsa.gov.

Prescription Assistance: Many pharmacies offer discount programs for prescription drugs, offering substantial savings. Many offer \$4 per month and \$10 three-month prescriptions. For more information, ask your preferred pharmacy for more information or from the following:

<https://www.walmart.com/cp/pharmacy/5431>
